

Educare is San Carlos Charter's very own, on-campus before and after school program. During a traditional school year, we run programming for our K-8 learners beginning after their scheduled dismissal time (this includes a Kinder only program from 12-2:30 MTThF). For this type of programming we offer monthly pricing and flexible drop-in pricing. We also offer Enrichments provided by third parties that specialize in their topic (video game development, cooking, art, science, etc).

Throughout the COVID-19 pandemic Educare has made numerous pivots. We ran a 4-week summer program using the Bubble Cohort model. We've gone from a large scale after school program to a small group, all day childcare program that facilitates SCC's Learning Everywhere program. Our programs have followed school and childcare safety guidelines set in place by the county and state. While we are eager to get back to our regular programming, we are prepared to continue adapting to any upcoming challenges as needed. The health and safety of our learners and staff will continue to be our top priority.
